

## **Teen Challenge Pre-Application**

While the actual cost of the program is approximately \$2,100 monthly, we ask the students to work in one of our work programs to help offset the tuition expenses. The students have the opportunity to earn some money in several of our work programs. Those funds are placed directly into their account. The remainder of the tuition cost is paid through the monthly support fees:

- \$1,350 Induction Fee – non-refundable
- \$150 Medical Fee
- \$500 Monthly Support

**Teen Challenge requests the Induction Fee, Medical Fee, and Initial Support Payment to be in the form of cashier's check, money order, or credit card.** All future monthly support can be paid by personal check or credit/debit card.

- Student Pocket Money – students are not allowed to carry money or credit/debit cards for the duration of their program. We have a student bank account to which money earned by the student is deposited. You can also send checks made payable to Teen Challenge and earmarked for a particular student and those funds will be placed into his account. Students may ask for a balance print out of their account at any time.

**Teen Challenge After Care** – The After Care Program provides a graduating student to have a job outside of Teen Challenge and earn an income, rent an on campus apartment, and still remain accountable to Teen Challenge. This is an opportunity to transition back in the world while continuing to have a Christian covering.
